### FACULTY DEVELOPMENT PROGRAM AT KIAMS-HARIHAR

As a Part of 'Innovation and Start-up Cell' activities and their Illustrative Enhancement under the Faculty Development Program, Kirloskar Institute of Advanced Management Studies, Harihar organised sessions on 'Developing Entrepreneurial Mindset', 'Change Management' and 'Environmental, Social, and Governance (ESG) Framework' on the 14th of May, 2022.

The Program was aimed to strengthen the faculty to act as 'Resource Persons' in guiding and inspiring their students towards innovative entrepreneurship.

Mr Charudatta Panigrahi spoke on building an Entrepreneurial mindset whereas his final presentation was on the ESG framework. Smt. Sucheta Hota stressed on Change Management touching upon various 'how's' of starting up, emphasizing on the importance of skilling, and

having a deep understanding of the business and its revenue model. The speakers spoke about the various challenges an organisation faces while implementing each of these changes and spoke about the various stages of implementation of change. Overall, the participants had a great learning experience during the program.

### KRISTU JAYANTI SCHOOL OF MANAGEMENT INTERNATIONAL LECTURE SERIES (ILS)

The School of Management, Kristu Jayanti College (Autonomous) organised an International Lecture on Emerging Trends in Information Technology and Data Security on 13th May 2022, as part of its best practice of regularly hosting International Lecture Series. The main objective of ILS is to provide an opportunity for students to interact with international academic and industry experts.

Dr. Wei Xie, Assistant Professor, Department of Computer and Information Systems, Walker College of Business, Appalachian State University, USA delivered the lecture where she highlighted the sea changes that the world was witnessing in this Digital and Information era. Dr Wei Xie was welcomed by Dr M.K Baby, Head, School of Management and the program was facilitated by Dr Arthi R, faculty coordinator of the program.

Further in her lecture Dr Wei pointed out the trends and focused on the emergence and application of Artificial Intelligence and Disruptive technology that could shape the way we live life in the future. The MBA students of the School richly benefited from the interaction and discussion that followed the lecture.
